

# FIT for Science

The information service supporting  
researchers and young scientists

[forschung.uni-siegen.de](https://forschung.uni-siegen.de)

[fit.uniks.de](https://fit.uniks.de)

## What is FIT?

# The Information Service Research, International, Transfer

FIT is an e-mail service that provides you with precise and relevant information on research funding. Register and create an individual user profile with the scientific fields, sponsors and types of funding you are interested in.

You will then receive an e-mail with the latest funding information that is important to you at a frequency that you specify.

### Where do you sign up?

Scan the QR code or enter the following link:
